Minutes of the Previous Meeting

The meeting which was held down at the field club house was brought to order at 7:30 by the President Karl Kingston.

There were 7 members present and honorary member Dave Malyon.

Old Business

1) The president thanked everyone who worked so hard to make our fun fly the great success that it was.

2) It was noted that the toilet is cleaned on a routine basis by the owner at Bumsteads.

3) Karl thanked all the donors of prizes like the \$100.00 from Mini- Max Transport , the donation from J-Tech and all the great stuff that Albert Renaud got from the folks he works for

at Upper Canada Village.

4) There was some discussion held about inviting the Raisin River Airplane Club to join our Club. They would be charged only \$25.00 dues to cover this years final months flying time.

5) There was some discussion on where to store the new sun shelters that we purchased this year. The shelters will be stored at the Legion for the winter months.

6) It was mentioned that the Club's Web site is redundant and should be brought up to spec.

New Business

None

Adjournment:

The meeting was adjourned at 8:40 by Mathew Smerdon.

This and That

The meeting was held at the club house which wasn't too bad. It got a little dark at the end of the meeting but still tolerable.

The new gate is now installed and is certainly a great job by Ed. and Albert Renaud with the material supplied by Karl Just a superb job by you guys.

This week I could not help but notice how great the field looks. We are really fortunate to have such wonderful facilities to fly our aircraft from. We should not take Wayne Porter's super effort of keeping the field in top shape for granted and we shouldn't take Wayne for granted. Thank you for everything you do for us Wayne!

How about those new guys flying? It sure is nice to see new guys giving it a whirl! That Roger Belanger is just great!

Lately it seems to be getting dark at 7:00 so the meeting may have to be moved to the Legion.

The next meeting will be held at the

Club field on Monday, September 8, 2008 at 7:30 sharp. Come on down and see and hear about what is going on.

See you there @ 7:30 sharp.
