### **Upcoming Meeting**

Monday  
June 9th , 2009  
@7:30 p.m.  
In  
The Club House

### **Minutes of the Previous Meeting**

Accepted without discussion

### **Old Business**

Owen Smith who runs the Air Cadet program wanted to know how much it would cost to build a "Blade"? Stephane priced it out at about \$90.00 U.S.

If all goes well this fall, once a month the cadets can reserve the Armoury and we can fly for free at this time while "Instructing" the cadets in building and flying. Insurance would cost \$10.00 for junior members or cadets without the MAAC Magazine.

Karl mentioned that we have a sign up sheet at the field for grass mowing. Michel Joannette and Roger Bélanger have signed up so far.

### **New Business**

Motion by Roger that we buy two 2 gal. Jerry Cans with Spill Proof Nozzles. Seconded by Ed Renaud. Doug will purchase and take to the field Tuesday.

Robert Mondoux has a mower with a blown engine he has donated to the club. Someone has to pick it up.

Ed hopes that the "Columbia" mower will be done soon.

Karl would like to have "Buoys" cut from the huge foam block brought in by Roger for the Float Fly.

Mall Show was excellent, Seaway Valley News coverage was great.

July 4 Float Fly: Karl and friends have been down to the area and are suitably impressed.

Leger Field is to be closed Sat. May 16th while float flying is on at Guindon Park.

Dave Rees has volunteered to do an IMAAC demo at our Fun Fly. We have to reserve a time slot for him.

Roger is thinking of having three voluntary events for the Aug. 8th Fun Fly.

Motion that prize fund is set at \$300 for the Aug. Fun Fly by Mathew, seconded by André. Ed will approach his employer for a \$100 donation for the raffle. Raffle prize to be between \$100 and \$150 max, say \$250 for prizes.

We should approach Ray to set up a booth at our Fun Fly. Linda Geisel will call for the Pot Luck and organize. Michelle Joannette will volunteer his generator for the Fun Fly and the Float Fly. John Curran will be the announcer at the Fun Fly and the Float Fly.

Ray Savard is organizing a fuel order (Byron) and savings will be about \$11.00 on a case of four gallons.

17. André has volunteered to pick up the roller, check it for leaks and install a water valve.

### **Show and Tell**

1. An ARF Cap 232 along with an XYZ 26cc gas engine was shown by Ed Renaud.

### **Adjournment**

at 9:05 PM.

### **This and That**

The next meeting will be held down at the Club Field on Monday June 9, 2009 @ 7:30 p.m. See you there!
