Total Expenses:\$.....

Bank Balance.....\$.....

Plus C.U. Shares.....\$.....
Second Acct.....\$.....

Sums Owed:

*1sheet of Foam from Karl...\$.....

Motion made by Marc Gagnon to adopt the Treasurer's report as given. Seconder Jacob Wilmink **CARRIED.**

2- Club Annual Dues:

As of March 9th 27 out of 38 members have paid their 2010 membership fees. It should be noted that as per the By-laws of our Constitution:

“ All dues will be come due on January 1st, and will be payable no later than March 1st of each year.”

3-Minutes of the last

meeting: The minutes were adopted without discussion.

4-Mall Show:

The Mall Show date had to be changed to April 17, 2010 as of the last Club meeting on February 8th due to the unavailability of the prior date.

5-Ottawa Valley Zone Presidents Mtg.

Several resolutions and recommendations were discussed in view of the up-coming Annual General Meeting

Please see the MAAC Magazine for a detailed account of all the resolutions and recommendations to be discussed then.

6- IMAC Night

Karl has suggested that Wednesday night be reserved for Precision Aerobatics practice.

The first session is to start on the first Wednesday of May(May 5th to be confirmed by Karl)

The main purpose of this program is to give an opportunity for Pilots to hone their Piloting skills while using budget conscious equipment.

7- Upper Canada Village Airport:

It was suggested that the Club make use of the Upper Canada runway for several Saturdays while our field is too wet to use.

Karl and Roger to verify how to get the field sanctioned and to be covered by the MAAC Insurance.

8- Field Maintenance:

Small trees and shrubs need to be removed along the North side of the landing strip.

Stephane Claude will arrange a work party.

Roger is to set up a day with volunteers with and without chain saws.

March 20th and 27th were the two dates suggested.

It was also suggested that Dean or Michel bring along a generator for the work day to power up electrical tools. To be discussed further.

9- Long Graphic Design:

Richard Besner mentioned that Long Graphic Design was willing to sponsor the Club in providing a new sign.

This matter needs to be discussed further by the membership.

10- Adlournment:

The meeting was adjourned at 9:05 p.m.

11- Show and Tell:

Karl Kingston reported that Dave Scott made a brief presentation at the President's meeting on Precision Aerobatics training. He suggested that stiffer springs be installed on the Transmitter joy sticks instead of using exponential. Karl had sample springs to show us.

For Futaba Transmitters, the part number is FUTM3540.

A note of caution: the Futaba Web Site states:

Heavy Duty Gimbal Springs (FUTM3640)
are heavier springs for the 8U and 9Z Radio
Systems. See:

[http://www.
futabarc.com/parts/futm3620.html](http://www.futabarc.com/parts/futm3620.html)

This and That

I wanted to bring to every ones attention the recent passing away of Jack Mott's wife. She was instrumental in the initial formation of the Cornwall Aero Modellers Club. She was a fine lady and loved the hobby as much as we all do. I did send her a sympathy card from all of us.

I cannot report much about the goings on at the Field Chili Flys or the indoor flying as I couldn't get any one to give me a report. I guess it means that to find out what's going on a person should be there.

See you all at the next meeting on April 12th at the Legion.
