# PLANE OF THE MONTH

*This months plane of the month is in honour of Roger Belanger The Pulse xt 60 arf . This 70 inch wingspan baby fly's like a dream like its little brother the Pulse xt 40 ,is well suited for the intermediate as well as expert flyer. With an overall length of 57.3 inches. A wing area of 885 sq. inches. With a 60 to 75 size motor for 2 stroke fans or a 91 to 1.00 4 stroke it will tear the sky in half. It is also able to fly electric on a power 60 bl outrunner. I'm shure Roger will have a lot of fun with it next summer. Nick fly's one and loves it. Enjoy it Roger!*

*Well thats it for this month I hope you enjoyed the newsletter and a Merry Christmas to all and to all a good flight*
