Congrats to Guy Fortier for getting his wings

April 20 was our mall show

This years mallshow was a great success with many new and beautiful planes. Ed and philippe had some real unusual and unique planes that stole the show.

Whats Happening at other clubs

On may 25 and 26 The Rideau Flyers are Holding an open house . I f it is half as good as their web site it should be great

May 25 the Arnprior Radio Control club is having a giant scale fun fly

PLANE OF THE MONTH

Best Civilian Jet

Turbo Glider

A unique turbine-powered, giant-scale glider was awarded the Best Civilian Jet.

Ali Machinchy flew the glider through some amazing aerobatic maneuvers that showed this glider was built for action.

The impressive T-tailed, all-composite

7-meter-span ASK 21 glider is from the Airworld kit and was detailed inside and out and looked

like it just came out of the molds. Powered by a JetCat P-120 turbine producing 26 pounds of

thrust, the glider was never seen in straight and level flight—inverted flight, spins, rolls, and

hammerheads were the orders of the day! Simply amazing.
