Float Fly June 29

Our Float Fly was on June 29 2013 and considering the weather forecast came off a success. Only 3 pilots from visiting clubs were there but a good club turnout balanced out the crowd.

Congrats to Garry Kennedy

For winning the grand prize
Beaver at the Float Fly.

We had perfect weather for a great day of flying and fun . Isabel and ray thrilled the crowd with 2 beautiful routines in an electric monster. Even those in training got in on the act by flying on the buddy box

WINNERS OF THE IMAC DEMO

Taylor Pratt Took home First place with a flawless routine and getting a perfect score 32/32

Karl Kingston took second place with an almost perfect score

Frank Reaume rounded out the pack taking third place with a great routine
